KEE | KANZLEI FÜR ERNEUERBARE ENERGIEN | Neuer Wall 71 | 20354 Hamburg

To whom it may concern:

11 February 2013

Letter of Recommendation

BN Consult, parent company of BePart Consulting, supported German renewable energy law firm "Kanzlei für Erneuerbare Energien" (KEE) on acquisition management services in Bulgaria.

BN Consult provided market research, identified target Project Company based on specific requirements and liaised between seller, legal teams, local institutions and provided expert advice in structuring the agreement documentation. BN Consult's experienced team were focused on bringing the deal to a close and played a key role in the negotiation process. They were also extremely supportive during the divestiture of the already completed project.

We can honestly say that our and our clients' business in Bulgaria would not have proved successful without the support of a skill, knowledgeable, educated and most of all loyal local partner as BN Consult.
